

QUOITS

A Game of Skill and Accuracy

Setting Up

1. Slot the two cross pieces together to form the base
2. Screw the pegs into the holes in the base.
3. Place the base 3 metres away from the throwing position
4. Collect together the rope quoits and you're ready to play

How to Play

1. Take turns to throw the 4 rope quoits from the throwing position to try to hook them over the scoring pegs.
2. Each player adds up their total points scored on each turn and then adds on any points scored in further turns.
3. A closer throwing position can be given for younger players if required.

To Win the Game

1. The winner is either the first player to score 230 points (or 90 points for a shorter game) or the player with the highest number of points after an agreed number of turns- Congratulations!
